

Shoveltown Baseball Club Fact Sheet

Positive Attitude, Commitment, and Mental Toughness.

The main purpose of Shoveltown is to develop players for High School baseball. We encourage players to also play town ball in their respective Babe Ruth or Senior Ball leagues. All Shoveltown managers are paid baseball professionals and have no relative affiliation on their team.

Shoveltown schedules and plays most of its games on Sunday morning and schedule only one doubleheader per weekend. Occasionally two double headers are played as rain make up events. Frothingham Park in Easton is considered Shoveltown's home field, however many home games are also played at Oliver Ames High School.

Shoveltown has a ten week winter training program beginning mid-January at The Field House on Route 106 in Easton. The program is one night a week and Sunday early morning. Practice continues through the season, typically two times per week.

Registration Form / Tryout Fee: \$20
